Raw but cosy
 Simple but not plain
 Minimal but detailed
 Nostalgic but contemporary

Welcome to TAMEKO. Fabrics for your bed, table, home and life. Our approach is to work with nature and allow form to emerge from function. Beauty should be woven into, quiet, everyday moments. Timeless is more.

LETTER

FROM
THE FOUNDERS

// This is TAMEKO. TAMEKO is us. The result of a collaboration between two individuals, whose paths crossed in Copenhagen. Joined by our much adorned design talent we are bringing the fabrics to life. Fabrics for life.

TAMEKO dream was first caught 3 years ago. And ever since that moment we sleep, eat and live with the fabrics we create. This journey took a while before we got here, but what a journey it was! Today TAMEKO is officially born. And this is our very first edition that we share with you. We are thrilled to have you joining us on this adventure so early. Feels truly special to introduce our fabrics to your life.

We make fabrics for life. For the late mornings. For the crazy dinners. For the September chills outdoors. For the unpredictable every day.

// Made to last and love. From us to you.

Chim & Dominika

OUR ETHOS

Material at the forefront, an honesty in construction with function presiding above form.

DESIGNED
BY

SPACE
COPENHAGEN

// TAMEKO's first collection, designed by SPACE Copenhagen, draws inspiration from the intrinsic beauty of textures, quality materials, and serene colour palette. This collaboration has resulted in a line of home textiles that exudes a subtle elegance and calm sophistication, reflecting the poetic undertones of their design philosophy.

// Established in 2005 by Signe Bindslev Henriksen and Peter Bundgaard Rützou, Space Copenhagen is a design studio that works across multiple disciplines from interior design for private homes, hotels and restaurants all over the world to art installations and art direction, furniture, lighting and refined objects.
