HARBOUR

H

AUSTRALIAN BORN. HANDCRAFTED SINCE 1976.

SHOPHARBOUR.EU

2026 feels incredibly special for us at Harbour, because it marks 50 years since our family business began. It started in 1976 with our father, who first learned his craft as a blacksmith at just 14 years old, and carried that dedication with him when he moved to Australia and built a life around creating with his hands. To look at Harbour today, and see how that foundation has grown into a global business, is something we never take for granted. It's still family-owned and operated, with multiple generations involved, and it means a lot to share this journey together.

With our roots in Sydney and our team now spanning the U.S. and beyond, we're stepping into 2026 with gratitude, ambition, and excitement, ready for our biggest year yet.

Nicholas & Harrison Condos

Handcrafted Since 1976

At Harbour, our collections are imagined, designed, and brought to life entirely in-house. This seamless connection between design and craft allows us to obsess over every detail, preserving the integrity of each piece while maintaining complete control of the process. The result is a collection of designs that feel considered, refined, and always evolving with the way we live.

Collections

At the heart of every Harbour collection is a design philosophy rooted in our Australian heritage. Our signature aesthetic — fresh, light, modern, coastal, and luxe — reflects the evolution of generations of Australian design.

Fabrics

Designed for life outdoors. Our performance fabrics combine exceptional durability with elevated colour, texture and feel, offering resistance to sunlight, moisture, mildew and stains without compromising on comfort or style.

Panama

The Panama collection of outdoor fabrics is our staple and core fabric of our standard range of outdoor textiles. Milled in Spain from 100% solution-dyed acrylic yarn, the fabric is resistant to sun, moisture, mildew, and staining – consider it the work–horse of your outdoor living. With a flat yet consistent square weave, Panama is lightweight but impressive in hand, able to take on the outdoor elements with ease. Sourced from the Agora range by Tuvatextil, Harbour is happy to collaborate with a fabric house that designs, manufactures, and operates out of Pont d'Armentera, Spain, just outside of Barcelona.

AVAILABLE COLOURS

Panama Blanco | Panama Cloud | Panama Coco | Panama Grafito | Panama Marble

Riviera

Available in a range of neutral tones, Riviera brings a refined and textured elegance to any cushion or sofa. Riviera is sourced from the Mario Sirtori line, established by a company of Italian expertise in 1955, specialising in luxury, contract-quality fabrics.
